Can I share the attachments with HQ? and I'll let them know to keep it internal.

All,

Attached is a briefing paper and power point that provides additional facts and numbers based on my discussion with DTSC and the Exide Clean-up Site. Please let me know if you would like to go through the briefing information.

Thanks

Fyi, this is a draft briefing paper and figure that Jennifer is preparing for Barry. I had an additional edit for the text that I will forward as well. There were also a few numbers/facts that HQ asked us to confirm.

Steve, if you could help Leslie confirm some of these numbers, we'd really appreciate it.

Thanks,  
Eugenia

Hi Devon. After further discussions with the Region please add language below in blue. I have also added similar language to the one pager (attached).

Also reattaching graphic for Linda Barr's awareness.

Thanks!

Hi all,

Just heard back from R9, how is this as an additional bullet for the introduction:

# Ex. 5 Deliberative Process (DP)

Please let me know if that's something that we're already working on, or if I can help pull something together! Thanks!

Devon

Thanks Jen,

OCPA has a call in to the Region 9 PAD, and I've asked for them to inform us of any communication they are aware of that the State may have planned!

All, apologies. When I typed "Martin" in the "to" line it pulled Martin McDermott who is a DOJ attorney assigned to a current case I am on. Please use this email chain in future "reply all" messages.

**Importance:** High

All, Barry asked that we prepare a one-page summary of the Exide site to share with the Administrators office. Please focus your review on areas I may have not covered/need checking:

1. Eugenia, could you please coordinate within Region 9 to check factual accuracy of funding levels for residential cleanup and numbers of properties already addressed, as well as cleanup goals. Most of the information was gleaned from the State's website.
2. Devon, we should plan to add a bullet, maybe up front on issues, any planned press release etc planned by the State
3. Carolyn, I believe (and Eugenia can confirm) that the regional RCRA program has seen the longer version (also attached).

Thank you all for your input!
